The Council of the Federation Excellence in Water Stewardship Award recognizes outstanding achievement, innovative practice and excellence in water stewardship provincially and territorially. The Council of the Federation

The [Council of the Federation](#) (COF) enables Premiers from all provinces and territories to work collaboratively, form closer ties, foster constructive relationships among governments, and provide leadership on important issues that matter to Canadians.

The COF Water Stewardship Council (WSC) was established in 2011 and comprises senior government officials from each province and territory. The WSC provides strategic advice to Premiers on issues and opportunities related to Canada's water resources and where appropriate, to coordinate and facilitate implementation of the commitments of the [COF Water Charter](#).

Endorsed by Premiers in 2010, the Water Charter recognizes the collective obligation of Canadians and their governments to be responsible water stewards.
